**Meeting Registration Open to Attend the June IRIS Public Science Meeting –
In Person Registration Closes 06/20**

Notice: EPA's Integrated Risk Information System (IRIS) Program will host the June IRIS Public Science Meeting on June 29-30, 2016 in Arlington, Virginia. At the June meeting, the IRIS Program will provide the public the opportunity to provide input and participate in discussions regarding the draft IRIS Toxicological Review of tert-Butyl Alcohol (TBA) and the potential approaches to estimate the risk of skin cancer following dermal exposure to benzo[a]pyrene. The science topics for discussion are now posted. The draft assessment materials for TBA will be released in mid-May. Meeting registration is open.

For more information about this assessment and the meeting, visit the [June Public Science Meeting website](#).

**IRIS Program Job Announcements –
Epidemiologist, Biologist, Statistician Positions
Available**

Notice: EPA's National Center for Environmental Assessment (NCEA) is seeking qualified Epidemiologists, Biologists, and Statisticians with the relevant combination of academic and professional experiences to join the Integrated Risk Information System (IRIS) Program. The IRIS Program supports EPA's overall mission to protect human health and the environment by identifying and characterizing the health hazards of chemicals found in the environment. The IRIS Program develops state-of-the-science health assessments that are used by EPA's program and regional offices, as well as organizations at the state, local, tribal, and international levels, to inform decision-making. For more information, including information on the specific duties and required qualifications, [click here](#) or visit [USAJobs](#) and search the job announcement numbers: RTP-ORD-DE-2016-0037, RTP-ORD-DE-2016-0043, & RTP-ORD-DE-2016-0029.
